

To our clients and business partners

17 February 2022

GAM Fund Management Services

Dear clients and business partners,

We wanted to write to you to let you know that we are changing the name of GAM Private Labelling to **GAM Fund Management Services**. This will not have any impact on the services we provide for you, but we felt that 'Fund Management Services' better describes the full range of services and solutions that we provide for our clients.

Private Labelling is an important part of our service offering, but the term is not widely established across locations and we believe that Fund Management Services will be better understood by you, our clients and business partners, as we continue to grow our business globally.

GAM Fund Management Services is amongst the largest independent providers of its kind in Europe and is a key part of GAM's growth strategy. We provide a full suite of services in four fund domiciles and our goal is to broaden this offering by leveraging our existing and building new service capabilities and solutions across our business as 'One GAM'.

Kind regards,

GAM Fund Management Services
